TORRANCE GAS REFINING CO. STARTS WORK

Extracts Gasoline from Natural Gas of C. C. M. O. Co.'s Wells

Among the mass of business coming before the city trustees Tuesday night, granting of a permit to lay mains in the western part of the city attracted little or no attention and few realized that this permit was the first step in the establishment of an industry that promises to be one of the leading ones in this community.

Reference is made to the request of the Torrance Gas & Refining company, a corporation recently organized with offices in the Van Nuys building in Los Angeles, and of which J. F. Vondermark is president.

The company was organized for the purpose of extracting gasoline from natural gas, under a secret process, and has made arrangements with the Chanslor-Canfield Midway Oil company to pipe to their wells and collect the natural gas. This gas is then piped to the company's plant near Carson street and by some process compressed when it yields the gasoline.

Permission has been asked by the company to lay its pipes in the west end of the city between Carson street on the north and the Redondo-Long Beach boulevard on the south; the city limits on the west; and approximately 2000 feet east of the west city limits on the west. In this way the company is enabled to connect with every one of the Chanslor-Canfield wells in all parts of the field and are in a position to expand as rapidly as does the company from which it draws its crude product.

O. W. Stone To Build Parlors

A lot on Cabrillo avenue between 218th street and Carson, Torrance, was purchased last month by O. W. Stone, an undertaker, who this week made application at the city clerk's office for a building permit. It is understood that Mr. Stone contemplates building a fine undertaking parlor establishment, the front to be finished in stucco. It is possible that it will be two weeks before the new building is under way.

Prominent Ohio Physician Here

Two years ago the 82-year-old mother of Dr. A. P. Sheperd, a prominent physician of Dayton, Ohio, was induced to purchase several pieces of property in Torrance, during a winter's sojourn in Southern California. The purchase was made and the transaction promptly forgotten by the energetic octogenarian.

Recently she and her son came to Southern California and learned that Torrance was suffering from "growing pains." Being a physician and trained to relieve pain, Dr. Sheperd came to Torrance only to learn that the property his mother had purchased for little or nothing had so increased in value that the sale of one of the several lots she had bought would more than pay for the entire purchase.

D. E. Aiken has been transferred to the advertising department of the Union Tool Company as assistant to the advertising manager.

TORRANCE TO HAVE 10c STORE

In the near future it will be unnecessary for the thrifty housewife to go out of town to get those hundred and one useful articles found only in a 10c store, but right here in Torrance you will be able to buy a 5-cent packet of envelopes to a complete set of parts for the "Henry Ford." J. W. Cuffey proposes to build a brick store with flats over and fit up same on these lines. The store will have a 50-foot frontage on Cabrillo avenue just below Carson street on a lot already secured.

Hoffman Moves To Mosk Bldg.

Within the next 30 days, or approximately April 1, Torrance residents will be able to patronize one of the most up-to-date shoe stores and shoe-repairing shops in the state, when Dave Hoffman, now and for the past two years or more, located on El Prado, moves into his new store in the Mosk building on Sartori street, opposite the new Masonic temple.

Plans are being made by Mr. Hoffman for the installation in the new place of the most up-to-date machinery for the quick repair of shoes in addition to the machines he now has. He will carry a stock of shoes for men, women and children that will rival that of stores in cities of five times the population of Torrance. Quality, service and an effort to satisfy the wants of the residents of this city both in shoes and repair work, will be the outstanding feature of the new establishment, according to Mr. Hoffman, who feels that the added equipment and stock will be appreciated by his many patrons and the newcomers to Torrance.

Geo. Watson is reported very ill at his home on Andreo avenue.

Rev. Cook, a missionary just from India, is here on his third furlough in 20 years. He filled the pulpit at the M. E. church Sunday morning.

Mr. and Mrs. Floyd Satchell of the El Prado apartments, were Sunday visitors at Mount Lowe.

Mrs. A. B. Shriner of Hamerton left Monday evening for Kansas City to be with her mother, who is very ill.

Mr. and Mrs. Wm. Downer and son of Glendale were guests at the home of the latter's brother, L. J. Acree of Gramercy avenue, Sunday.

Mrs. M. L. Acree of South Gramercy is visiting this week at the home of her daughter, Mrs. Downer, in Glendale.

Mrs. R. G. Tomkins and sister, Mrs. O. E. Gregory, went to Sawtelle Sunday to visit their mother, Mrs. Harrison, who arrived last week from Montana. It had been five years since they last met.

Mrs. Geo. Watson, Mrs. E. N. Tomkins and Mrs. W. W. Woodington attended past-commanders' meeting of the Women's Benefit Association of the Macabees in Los Angeles Tuesday.

Miss Gladys Crosssett, Mrs. Ada Marin and son William, Edward Curran and J. A. Johnson were weekend visitors at the orange show.

Mr. and Mrs. W. E. Bowen of Kern Court entertained at dinner last Wednesday evening. Mr. and Mrs. F. L. Parks and Mrs. Zada Hastie, celebrating Mrs. Bowen's birthday anniversary. The favors and decorations were hatched, flags and patriotic colors, in keeping with Washington's birthday.

MANY SURPRISING CAMERA EXPLOITS

Dangerous camera exploits were demonstrated over and over again in the filming of "The Valley of the Silent Men," a new Cosmopolitan picture from the novel of James Oliver Curwood, which comes to the Torrance theater next Sunday and Monday, March 4 and 5. The picture was filmed in the heart of the Canadian Rockies, in which Curwood laid the settings for his story. The Cosmopolitan company made the trip to the mountains early in the springtime when snow slides and avalanches were common as Indian guides.

Every bit of camera equipment had to be packed on the backs of the men of the company. In many instances cameras were tied to ropes and let down from tops of mountain peaks when difficult "shots" were made in the interior of crevasses and caverns. Lew Cody plays opposite Miss Rubens in this excellent picture of life in the Canadian wilds.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.
